Then, continue to the **Parliament** and **Lutheran Cathedral** and bypass the **sculpture of Skuli Magnússon**, founder of Reykjavik and Jon Sigurðsson- a real independence hero. Later, photostop at the **Catholic Church** and enjoy the panoramic view over Reykjavik, the fjord and mountains from the **Balcony of the Pearl**. Tonight, search the skies for the **Northern Lights** (Aurora Borealis) and see these lights swirling and dancing across the sky.

Or perhaps take an optional tour to the world-famous **Blue Lagoon**, a unique natural pool of mineral-rich geothermal water located in the middle of a lava field. Geothermal seawater is led directly to the Blue Lagoon forming wells as deep as 6,000 feet and the water stays warm at 100-110°F throughout the entire year. An indoor Blue Lagoon and geothermal sauna are also on site. The Blue Lagoon's warm water and natural ingredients of mineral salts, silica and blue green algae help you relax and escape the stress and strain of daily life.

Then, proceed on to the **Gullfoss Waterfall**, the queen of Iceland's waterfalls which tumbles down a deep gorge. The final stop of the day is **Thingvellir National Park**, a UNESCO World Heritage site where the tectonic plates of Europe and North America meet and is also one of the world's oldest parliaments and founded in 930 AD.
