## 10D Winter @ Mt Changbai\* Snowtown\* Jingpo Lake\* Jilin Rime

### Snow Town-Dream Home

A dreamlike paradise in winter, the snow period here is up to 5 months every year and snow thickness may reach around 1 meter. Snow looks like milk scream and hangs from the eaves to the ground, forming a unique scene of "snow curtains". Covered by snow, local traditional wooden houses here show a variety of shapes

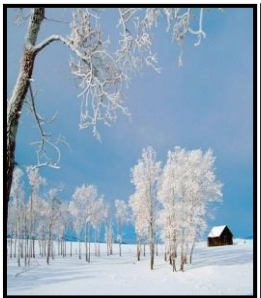

It is the largest mountain barrier lake in China and the 2nd largest in the world. In winter, it looks like a fairyland and all the trees turn silver; the Iced Fall is formed by freezing of the world's largest volcanic lava fall. Every year, a winter fishing festival will be held and you can not only participate in ice fishing activities, but also taste authentic local fish dishes.
